

**Electric Power Training Center  
 Authorization for Release of Information  
 For the Purpose of Touring Secure Facilities**

The *Fundamentals of Power System Operations* course offered by the EPTC includes touring secure facilities within the Federal Government as related to the security and control of the national electrical power grid. Due to heightened security within the Federal Government, all non-Federal persons taking this class are now required to have a security background check completed in order to take the tour. (Federal employees have already had a background check completed). Since the tour is a key component of the class **YOU CANNOT TAKE THE FUNDAMENTALS CLASS WITHOUT COMPLETION OF THIS BACKGROUND CHECK.**

*The following form must be completed and received by the EPTC within 3 days of class registration.*

I understand that the information released is for official use only by the EPTC for the purpose of site visits to facilities owned and operated by the Western Area Power Administration, U.S. Department of Energy, during the *Fundamentals of Power System Operations* class I am scheduled to attend.

Copies of this authorization that show my signature are as valid as the original release signed by me. This authorization becomes invalid after the completion of the scheduled class.
